IN RE:  dPi-TELECOMMUNICATIONS, L.L.C.	DOCKET NO. TF-99-123 (TCU-99-14)
--	-------------------------------------

**ORDER SUSPENDING TARIFF**

(Issued May 26, 1999)

On April 26, 1999, dPi-Telecommunications, L.L.C., filed a proposed new tariff and an application for a certificate of public convenience and necessity. The tariff was identified as TF-99-123, while the application was identified as Docket No. TCU-99-14.

The proposed tariff substantially complies with Board rules regarding the filing of tariff pages and would normally be permitted to take effect 30 days after filing. However, the Board has not yet acted upon the application because Board staff is still waiting for additional information relating to the applicant's 2-PIC intraLATA dialing capabilities. Thus, the Board will suspend the effective date of the proposed tariff until such time as the Board may approve the application and issue a certificate of public convenience and necessity to the applicant.

**IT IS THEREFORE ORDERED:**

The effective date of the proposed tariff filed on April 26, 1999, by dPi-Telecommunications, L.L.C., is suspended until such time as the Board approves the
